- alle**    Alone in the dark, but now you've come along

                 And fill my nights with song
- C**    **SA**    Rollin' at sea, adrift on the water  
         **alle**    Could it be finally I'm turning for home  
         **SA**    Finally, a chance to say hey, I love you  
         **alle**    Never again to be all alone
- D**            And you light up my life  
                 You give me hope to carry on  
                 You light up my days  
                 And fill my nights with song
- E**            And you, you light up my life  
                 You give me hope to carry on  
                 You light up my days  
                 And fill my nights with song  
                 It can't be wrong  
                 When it feels so right  
                 'Cause you, you light up my life
