

Miriam Makeba - Ring Bell

If I could be a shimmering star I'd shine now, shine now.
How I would shine! (How I would shine!)

Someone I love has promised to be mine now, mine now.
Someone is mine!

**I said: ring bell, ring bell:
Tell the world that all is well!
Ring bell, ring bell:
Love is here and all is well!**

If I could be a beautiful song I'd sing now, sing now.
How I would sing! (How I would sing!)

Warm is the sunlight in his eyes it's spring now, spring now.
Suddenly spring!

**I said: ring bell, ring bell:
Tell the world that all is well!
Ring bell, ring bell:
Love is here and all is well!**

*Yesterday, just another day.
But today everything is going my way!*

**I said: ring bell, ring bell:
Tell the world that all is well!
Ring bell, ring bell:
Love is here and all is well!**

**I said: ring bell, ring bell:
Tell the world that all is well!
Ring bell, ring bell:
Love is here and all is well!**

All is well, all is well.....
